

OAATC

Aerospace Industry Alignment

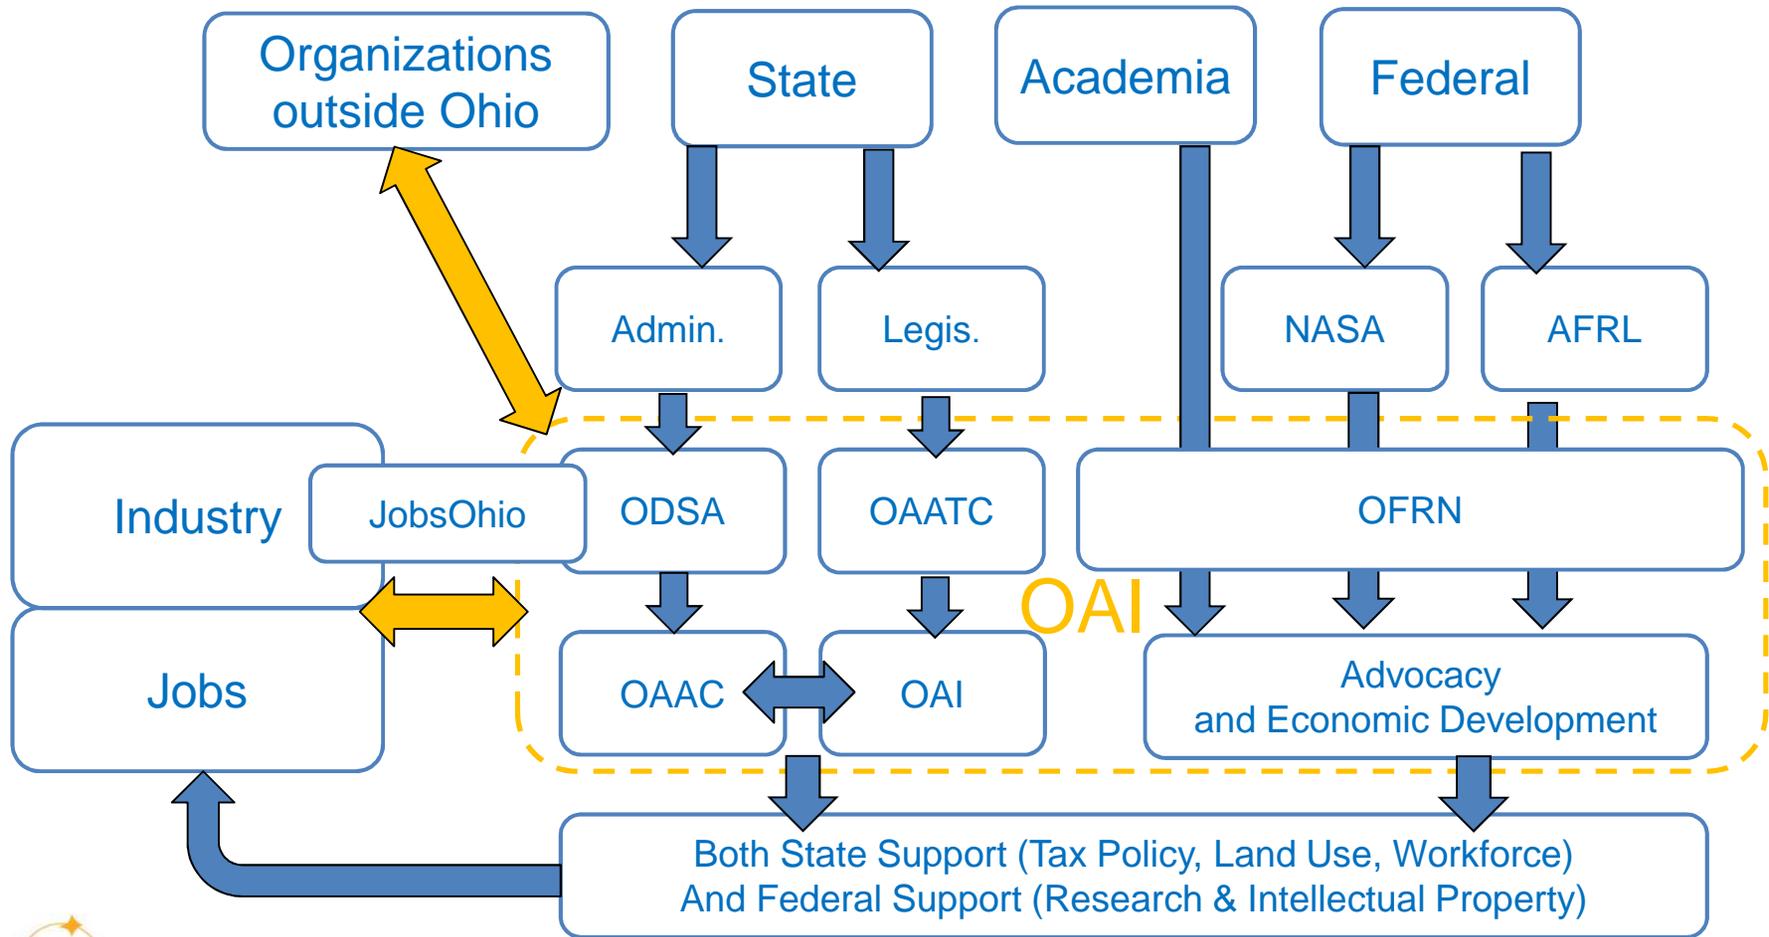

Jeff Rolf – Ohio Aerospace Institute

OAATC State Alignments

- Situation: Multiple organizations synergistic but driven by their individual charters (Regional, Economic Development, Academic, Profit/Non-Profit, Advocacy, Federal institutions, Industry, State Government)
- Need:
 - **Framework** for unified message and infrastructure
 - Linkage for industry, academia, community, and government institutions to operate most effectively across boundaries; “connective tissue” as a new and distinct function
 - **“Storefront”**

OAATC State Alignments – “Framework”

OAATC State Alignments

- Next steps:
 - Define governance, charter, organizing principle, oversight, roles & responsibilities, deliverables, communications, value proposition
 - Timeline:
 - Sept 9: Present concept to OAAC
 - Sept 21: Present concept to OAATC
 - Sept-Nov: Continued communication, socialization; team to date - Perales, Richardson, Grodsinsky, Rolf
 - Oct 27: Present concept at NASA GRC Meeting
 - Nov 30: Present at Ohio Aerospace Day with Whitepaper
